50 vouchers generated Awesome job!

100 vouchers generated Excellent!

275 vouchers generated Wow! You're the master!

This screenshot shows the VPNPINAS webpanel interface. The left sidebar contains navigation links for Sample User, Data & Analytics, Dashboard, Server Status, Clients, Vouchers, Profile, Account Info, Credentials, and Vacation Mode. The main dashboard features a user profile section with a photo, title (Premium User - Upgraded), and days remaining (29). It includes a summary card for a One Month Premium Account with 85% completion, 29 days remaining, and an Active status. Another card displays 'Badges Collected' with three levels: 50 (silver), 75 (orange), and 100 (green). A central section titled 'Point Earned and Badges' shows a progress bar from 50 to 275, with milestones for 50 (Awesome job!), 100 (Excellent!), and 275 (Wow! You're the master!). Each milestone includes a badge icon and a count. A 'View all badges' link is also present.
